Key of B
68 BPM

verse:

Oh come and see the One who has spoken
All you broken and hopeless, come find rest in His grace
Oh come before the saving One
Who calls us daughters and sons, oh call upon His name

chorus:

Come and see what He has done
By the power of His love
That He lavished on, lavished on us
By His wounds we've overcome
By the power of His love
That He lavished on, lavished on us
That He lavished on, lavished on us

verse:

So lay down every burden that you've found
They don't define, you are His now,
He is making you new
So lift your weary head
cause our God is good and He always forgives
And His grace is free it will never depend on you

bridge:

For the cross has spoken
Redemption over us
Oh the blood of Jesus
Will always be enough
For the grave was opened
And death is overrun
Praise the Lamb
Look at what He has done
