verse 1:

Every burden, every hurt
Every heartache, every storm
Our deepest sorrows will be no more
God are with us and we are Yours

chorus:

God is here walking among us
Fighting for us, defeating our fears
Earthly troubles will not overwhelm me
Hallelujah, God is here

verse 2:

In the battle when hope is gone
We know you're faithful to overcome
Every victory is Yours alone
The hope of Christ will be our song

bridge:

We're trusting Your power
We know that You are good
Nothing can separate us
We know that You are good
