

Transforming Discipleship
Week 4 Triad
Chapters 6

1. What has God been showing you lately?
2. What does page 117 say is the way discipling relationships should be formed?
3. Compare the list of differences between relationships and programs on pages 119-121. Discuss the list as well as your own experience with Ogden's observations on relationships on pages 121&122.
4. Ogden encourages us to build slowly and build solidly. Share your thoughts on his challenge to the reader that our big question is, "Will we invest for the long-haul?" Do you see challenges with investing in a few for an extended time?
5. Give your opinion, and then compare your answers to the author on this question: What is the ultimate goal of discipleship?
6. Who in your life needs to be told about the love of Jesus? Pause and pray for that person!
